Date:

The Patriot Act was signed into law on October 26, 2001 by the Bush Administration, which would make fundamental changes to Americans legal rights.

- >>> FREEDOM OF ASSOCIATION
- >>> FREEDOM OF INFORMATION
- >>> FREEDOM OF SPEECH
- >>> RIGHT TO LEGAL REPRESENTATION (Attorney & Client)
- >>> FREEDOM FROM UNREASONABLE SEARCH (Search & Seize without probable cause)
- >>> RIGHT TO A SPEEDY AND PUBLIC TRIAL (Indefinitely)
- >>> RIGHT TO LIBERTY (Without being charged and unable to confront witnesses)

We are concerned not only that the government is using its new powers but also it is refusing to provide unclassified information on how it is using them under the Freedom of Information Act, such as who is being detained, and whether the powers have been or are being abused.

I, \_\_\_\_\_ as an American Citizen, I am in opposition of the Patriot Act, a reply with your opposition on this matter would be greatly appreciated.

Sincerely,
